

Town of Farmington
Application Permit to Install a Culvert on a Town Road

Section 86.07(2) WI Stats requires that “No person shall make any excavation or fill or install any culvert in any highway without a permit from the highway authority maintaining the highway.”

The undersigned requests a permit for the purpose of: **Culvert** on township parcel # _____ Address _____

Approximate date when excavation for culvert (**steel culvert only**) is needed by _____, 20_____

Before the Town Board takes any action on this application an investigation and field inspection will be made by a representative of the Town Board.

The Town does not permit concrete in the highway right-of-way. When paving a driveway, the Town Board requires that the concrete stop at the right-of-way and the landowner either asphalt the area between the highway pavement and the concrete or leave it in gravel. Any person(s) installing a concrete driveway in the Town’s right-of-way is subject to removal at their cost. Upon completion of installation, a copy of the invoice for the culvert installation should be submitted for reimbursement to the town clerk. Culvert installations are reimbursed at 50% of cost.

Applicant/Owner of property (print name) _____

Signature _____ **Date** _____

Address _____
